

Buzzy Bees 2

August Newsletter

Dear Parents,

August is an important month even though it is a short month. These first few weeks together the children are getting to know each other. They are also learning about our classroom and how to take care of it and their belongings. Parents, please let them show you each morning how they know what to do when they come in the classroom. They are happy to do this and it promotes self-sufficiency as they move through school.

In the months ahead, we will be doing many fun projects as we continue to get to know each other. The children made their "First Day of Pre-K" crowns on Tuesday, and you might have heard about our Magic Playdough day as well. There were many giggles and fun when our white playdough started turning purple! I think the heat made it extra sticky, but as one of your children said, "It was fun Mrs. Fitts!" I love hearing this, because one of the optimal ways we learn is through play and exploration. We also traced our names with stickers, which helps with improving fine motor skills. Lastly, we dot painted our nap angels. These nap angels will be with us on our wall in the classroom the whole year. I am looking forward to the months ahead!

Parents if you have any questions or concerns, please don't hesitate to contact me.

Many Blessings,

Ms. Fitts
